越南芹苳醫院 簡介

Can Tho University of Medicine and Pharmacy Hospital

Introduction

The Hospital of Can Tho University of Medicine and Pharmacy is established from the decision No. 270/QĐ-BYT, signed on January 26th, 2011, and with the mission to provide community based high quality medical care, especially the Mekong Delta region. The hospital is officially opened on December 30th, 2011. The hospital is a profitable unit of Can Tho University of Medicine and Pharmacy, assuring itself of its regular operation.

The Hospital of Can Tho University of Medicine and Pharmacy is approved for construction and development in 2 phases by the Minister of Health. The first phase is used with the total area nearly 8,000 square meters for the main campus at the General Services area of the University and the subclinical area. In the second phase, the Hospital will be built on a 39,000 square meters area on Nguyen Van Linh Street with a capacity of 500 beds. Currently, the Hospital is a general hospital with 250 beds, includes 23 clinical and subclinical units.

The Hospital promotes highly-advanced medical treatment such as replacement surgery, shoulder joint replacement surgery, spinal surgery, extracorporeal urinary stone lithotripsy, laser lithotripsy, plastic surgery for bladder and ureter, laryngeal microsurgery, ear microscopic surgery, sinus nasal endoscopy, thyroid endoscopic surgery, esophagectomy, gastric surgery, colon endoscopic surgery, painless gastroscopy, painless colonoscopy, vaginal hysterectomy, surgery of uterine, gynecology endoscopic. In particular, the hospital has implemented techniques such as coronary vessel intervention, cerebrovascular vessel intervention, hepatic vessel intervention, and peripheral vascular intervention under DSA, radiotherapy of intracranial tumors with gamma knives.

The Hospital has been equipped with many modern technology systems (CT-scanner, DSA, MRI, Gamma knife), tumor therapy system with high-intensity focused ultrasound (HIFU), system of specialized function detectors (electromechanical meter, electroencephalogram meter, strenuous electrocope, DEXA central osteoporosis meter, ear, nose, laryngeal function detector), new generation gene sequencing system.

重視本次本校參訪團的蒞臨，在校慶典禮中本校蔡淦仁國際長受邀上台，代表本校接受頒贈合作紀念獎盃。

此次參訪建立了本校健康管理學院與該校公共衛生學院的課程教學合作、也討論了未來本校國際志工深耕該城市的可能性，並與芹苳醫藥大學附設醫院討論未來醫學交流的基礎。

註: 越文Cần Thơ (國語注音)芹くーゝ苳ぢ口

芹苳市 是越南湄公河三角洲的中央直轄市，是越南第五大城市，僅次於胡志明市、河內市、海防市與峴港市，是越南重要的城市之一
